About Us

Title Company of the Rockies (TCR) is a regional, independent title agency focused on the Colorado High Country. TCR has maintained direct operations in Eagle, Garfield, Grand, Pitkin and Summit counties for over 35 years. Our local roots go back to 1945 in Breckenridge, Colorado. In 2015, the company added locations in Glenwood Springs, Grand Lake, Hot Sulphur Springs, Rifle, and Steamboat Springs (adding Routt County). TCR maintains a management relationship with Northwest Title Company located in Craig (adding Moffat County) as well.

Title Company of the Rockies is a member of the ET Investments LLC family of title agencies which is headquartered in Aurora, Colorado and maintains title insurance agencies throughout Colorado and in the states of Arizona, Nevada, Texas, and Wyoming. Collectively, we have over 40 branch locations in Colorado alone. As a family of companies, we are one of the largest independent title insurance agents in the country. TCR currently works with a stable of seven underwriters that are the most substantial and financially secure in the country, including Westcor, Stewart Title, First American, Chicago Title, Old Republic, Commonwealth, and Title Resources. No other local competitor maintains the underwriting flexibility or any differing pricing these multiple underwriter relationships yield. That translates into you receiving cost effective, solution driven results to accomplish your real estate strategies. We leverage those relationships on your behalf!

Title Company of the Rockies' Teams are experienced in handling residential, commercial, time share, resort and other developments, escrows, and all other transaction types. By choosing Title Company of the Rockies, you are ensuring that your business is being done by a local company with title insurance professionals who are experts in their particular markets. We have the local "Know How" and "Know Why" to handle any situations you may face. We look forward to working with you on your next transaction.
